Meet & Greet

Come on out and see what all the excitement has been about at the next M&G on **Tuesday, October 6th @ 7:30 pm.**

There is NEVER an admission so come on out for some good food, good times, LOTS of laughs, and some chances to win a DOOR PRIZE just for showing up.

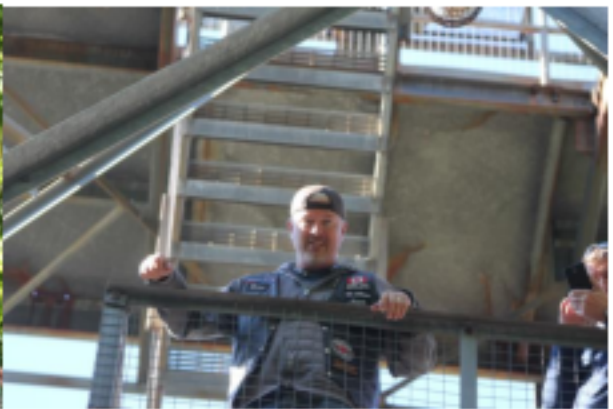

Meet & Greets are held EVERY OTHER TUESDAY at "STUTTERING JOHN'S" 1540 Highway 2, Courtice, Ontario

CMC MEMBERS PICS

Every time you are out on a ride, pull out the cell phone or camera and snap a couple shots. Send them in to me and I can put them in the Newsletter. Show the membership where you have been. ***Here are some pics from the Fall Colors Ride***

There will be more pics from this ride in upcoming issues.

*****Lots more rides will be happening so keep yourself posted by going to the National Forum to see whats next.***** **Please keep sending in your pics from bike trips to share with the membership!!!**

PIC OF THE WEEK

SAFETY TIP OF THE WEEK

Yellow Lights at Intersections!

A lot of people like to rush to get through yellow lights. **DON'T !!!**

Riding a motorcycle is a time to enjoy the ride and you should NEVER be in a rush to get anywhere on a bike. Intersections are the place most accidents happen so relax and sit back. If the light has turned yellow or it is a **STALE** green light, prepare to stop instead of running it. There could be another vehicle making a left hand turn who is also deciding to run the light. So when approaching intersections, look at the light and flashing hand signal so you can stay alive and remember, **"I'D RATHER BE RED THAN DEAD!!!"**

FAVORITE ROADS

San Juan Mountain Skyway This ride will take you through arguably the most beautiful sections of the Rocky Mountains as you follow a circular path through southwestern Colorado. You will pass through historic mining towns, national parks and forests and world-class ski resort areas. On this trip you will see the San Juan Mountains, home to many of Colorado's elite group of 14,000 foot mountain peaks. **A 12-mile section of this route (the section between Ouray & Silverton) is a very famous section of road known as the "Million Dollar Highway"!** Along the way you will see red-rock canyons, lush river valleys, hot springs and majestic mountain peaks and an area known as the 'Switzerland of America.' Bottom line is BRING LOTS OF FILM ON THIS TRIP!!!.
