CMC MEMBERS PICS

Every time you are out on a ride, pull out the cell phone or camera and snap a couple shots. Send them in to me and I can put them in the Newsletter. Show the membership where you have been. *Here are some pics from the Calabogie Ride*

Here are some pics from Alana's ride to NY and Tennessee.

*****Lots more rides will be happening so keep yourself posted by going to the National Forum to see whats next.***** Please keep sending in your pics from bike trips to share with the membership!!!

PIC OF THE WEEK

SAFETY TIP OF THE WEEK

L **eave some space!!!**
Don't follow too close behind the vehicle ahead of you. There are some really good reasons to stay well back from traffic. **If the vehicle ahead of you has any type of load attached to it**, such as someone carrying furniture or house contents, you may want to stay

back as the load might not be properly secured and the last thing you want to do is end up swerving hard or getting vaulted through the air from an object falling from the back. **Also, you want to have enough time to swerve safely if there is anything such as road kill or tire strips from transports or pot holes lying in your lane.**

FAVORITE ROADS

[Rattlesnake Pass to Wallowa Lake](#) If you are looking for a motorcycle ride that provides pure adrenaline pumping excitement, LOOK NO FURTHER!!! All your senses will be in overload from this incredible scenic twisty ride through the mountains and valleys on this route on the Washington/Oregon border. You will experience hills, valleys, and snow capped mountains as you hug the canyon walls on this spectacular highway so dress appropriately and stay on your toes.

Saturday Sept 26th

The CMC 094 will once again be heading up north to view the spectacular show Mother Nature puts on in fall every year.

This year the ride will **NOT** go all the way through Algonquin Park as that is a very long day. The ride this year will stop in Dorset Ontario and

lunch will be at the **TRADING BAY DINING COMPANY**. This is a great restaurant with water views and outdoor/indoor dining.

There will also be a stop at **Robinson's General Store** and the **DORSET LOOKOUT TOWER**. There is a minimal fee of [\\$3 for a motorcycle](#) and you can [climb the tower](#) for some incredible views of the fall colors or you can still get an awesome view from the ground on top of the hill.

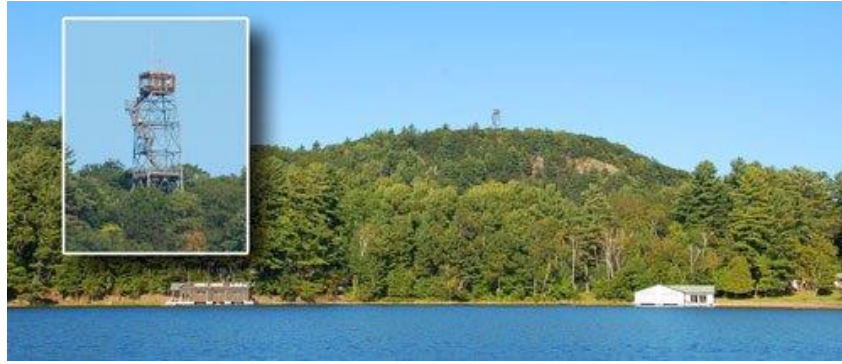

Ride details will be posted on the forum and here in next week's newsletter but it WILL BE AN ALL DAY RIDE.
